Join Us This Summer

Our team of PGA professionals have planned a number of junior golf camps throughout the Summer and conveniently located around Baltimore County, filled with instruction, fun, contests and camaraderie.

At the end of each Academy, your junior will be more comfortable on the golf course and well on their way to learning and loving golf as a game for a lifetime.

Whether you are introducing your child to the game of golf or looking to help them improve their skills, our four-day golf academies are the perfect solution.

Our Program

Highlighting the Fundamentals

Juniors who attend the Academy will improve all aspects of their games, and have an understanding of the rules of golf, sportsmanship, equipment, and golf etiquette.

Learning the Game Together

The instructional program includes putting, chipping, pitching, and sand play techniques, as well as full swing fundamentals and other full swing basics. We limit our class sizes for safety and quality of instruction.

Skills That Last a Lifetime

Over and above learning golf and having fun, your junior will be introduced to a few of Life's lessons learned through golf including; fairness, perseverance, honesty, integrity, self-worth and self-control.

All sessions have a maximum of **40** students.

Juniors must be between the ages of **6** and **17**.

All academies are instructed by a PGA-affiliated golf professional.
