

ROCKY POINT CLUBHOUSE RENOVATION COMMUNITY INFORMATION MEETING

January 17, 2024

Back River Community Center

6:00 – 8:00 p.m.

The Baltimore County Revenue Authority is planning a major renovation and addition to the existing golf clubhouse at the Rocky Point Golf Course. Come learn about our plans and understand how the project will significantly enhance the community and our current operations. Rocky Point Golf course is the second busiest golf course in the County and one of the most popular recreational assets in the region. The new facility will greatly improve the visitor experience and provide an indoor event space and commercial kitchen facilities to host golf outing guests and groups of up to 180 people.
